Pebble related subsistence studies available

Dave has them all.

Have a good trip.

Phil,
My computer can't open winmail. I'll have to look into it after we get back from Nondalton and Pedro Bay on Saturday. Leaving in an hour.
Alan

Phil -

The attached link includes all but two of the subsistence studies
(Braund/ADFG) you're looking for:

Technical Report 360 (year 3 of 5 years of studies) Technical Report 355 (year 3 of 5, separate study
done on Lime Village) Technical Report 322 (year 2 of 5) Technical Report 302 (year 1 of 5)

Fourth year report undergoing "internal" review by ADFG (and others?) and should be completed by the
end of August at which time it should be added to ADFG's website.

Data (surveys) for the fifth year study - on Dillingham - just completed and it will be a year or so before
the actual report drafted.

Jen/ADFG (name of the Anchorage person the Dillingham office gave me) referred me to Davin
Holen/ADFG who has co-authored the reports and the best person to consult with for more details/data
accessibility, etc.

Davin's direct line is 267-2807 and his email davin.holen@alaska.gov.

Hope this helps.

Sue/BBNA
